A New FOSDICK Book

Christianity and Progress

HARRY EMERSON FOSDICK

Cloth, \$1.50

THIS is a striking book written in the inimitable Fosdick style and will undoubtedly be enjoyed by thousands of readers. Simple and direct in its presentation, yet forceful and brilliant, this volume is a welcome addition to Dr. Fosdick's remarkably popular books. It was originally presented as the Cole Lectures at Vanderbilt University.

The author outlines his conception of the idea of progress, the need for it, and most especially, the need for SOCIAL progress. "Underneath all other problems which the Christian Gospel faces, is the task of choosing what her attitude shall be toward the new and powerful force, the idea of progress, which in every realm is remaking man's thinking." With amazing speed and accuracy, punctuated by concrete examples to make his point clear, the author carries the reader through the history of the world's progress.
